Mr Michael Codd,  
Chancellor  
University of Wollongong

10 July 2007

Dear Chancellor and University Council members,

We the undersigned write in support of the University of Wollongong Undergraduate Students' Association (WUSA) and the Wollongong University Postgraduate Association (WUPA), condemning any attempt by the University management to replace the existing independent student representative organisations.

The Students' Associations have played an integral role in the life of the University in excess 45 years and provide students with vital services that improve upon their quality of education.

We are deeply concerned that the current review of the students organisations will undermine independent, autonomous student representation and advocacy. We are equally concerned about ensuring that the University commit to adequately funding the existing students' associations to ensure that representation and advocacy services are preserved.

Yours sincerely,
